SSC: 75%	

PROJECTS

Sweet Delights | AI-Powered Custom Cake and Cupcake E-Commerce Platform

React.js, Node.js, Express.js, MongoDB, Tailwind CSS | 2025

- Built a full-stack AI-integrated custom cake ordering platform with interactive cake customization, secure user authentication, and online payments.
- Implemented an admin dashboard for product and order management using React.js, Node.js, Express.js, and MongoDB.

Live: <https://sweet-delights-delta-henna.vercel.app/>

Candidra-AI | AI-Powered Interview Preparation Platform

React.js, Node.js, Express.js, Cloudflare D1, Tailwind CSS | 2025

- Developed an AI-powered interview preparation platform featuring mock interviews, coding assessments, and personalized feedback.
- Integrated secure authentication, role-based access, and a responsive React.js frontend with a Node.js backend.

Live: <https://candidra-ai.vercel.app/>

E-Invoice Management System | Invoice and Billing Platform

MERN Stack | 2025

- Built a full-stack invoice management system for creating, managing, and tracking invoices efficiently.
- Implemented secure authentication, invoice generation, and CRUD operations with a responsive React.js interface and Node.js backend.

Live: <https://e-invoice-management-system-gamma.vercel.app/>

UNICORN '26 | College Event Management Website

React.js, JavaScript, Tailwind CSS | 2025

- Designed and developed the official website for the UNICORN '26 college fest with event details, registrations, schedules, and responsive navigation.
- Built a modern user interface using React.js and Tailwind CSS for an engaging user experience.

Live: <https://unicorn-26.vercel.app/>

Socket-Chat | Real-Time Chat Application

React.js, Node.js, Express.js, Socket.IO, JavaScript | 2024

- Built a full-stack real-time chat application with instant messaging powered by Socket.IO.
- Implemented secure user authentication, private and group chat rooms, and a responsive UI using React.js with a Node.js and Express.js backend.

Live: <https://socketchat-oilg.onrender.com/>

WORK EXPERIENCE

Invoice Management System Development Intern | Zamanat Tech Solutions Pvt. Ltd. | 2026

- Developed and enhanced Invoice Management System modules using the MERN Stack.
- Built responsive React.js interfaces and RESTful APIs with Node.js and Express.js.
- Managed MongoDB operations for efficient data storage and retrieval.
- Assisted in debugging, testing, and performance optimization.
- Collaborated with the development team to deliver solutions within deadlines.
